

Prospectus 2025/26

A college for the creative arts
www.bigcreative.education

Do what you love

I'm proud to lead our team of experienced educators here at BCE. Our courses provide a strong foundation for your creative practice and we'll look after you with a weekly wellbeing class. I've been in education for more than 30 years and you achieve when you love your authentic self. We'll help you do that.

Sacha Corcoran MBE
Principal at Big Creative Academy

As a former record label manager and event promoter I know what it takes to be successful in the creative arts. We want you to be successful in your chosen career, and challenge industry stereotypes. You'll be introduced to an employer network and our careers team will support you into the best jobs, universities and apprenticeships.

Alexis Michaelides
Founder BCE /
Managing Director,
Big Creative Training

BCE MISSION //

Develop talent

Gain in-depth subject knowledge through academic coursework

Transform lives

Live your best life and be happy with weekly wellbeing classes

Create careers

Explore the creative arts and start your career with expert support

“I want to thank you so much for everything, and so many happy memories. There should be more colleges like this one.”

Karma, former BCE student

“I feel that BCE empowered my daughter as an individual as much as a student.”

Jenny, former BCE parent

**Collabs /
Work experience**

Wellbeing

Students say wellbeing / social development programme is their favourite part of the week, as a way of de-stressing and having time to reflect about a subject in detail.

We work with young people to develop resilience, gratitude, safety and responsibility to support their personal and social development. Bespoke sessions are delivered to students, suitable to their age and course level, and include all aspects of health, emotions and current affairs. Lessons are often outside and sometimes include a bit of yoga or meditation.

Careers & international work experience

The careers teams at BCE will help you grow and shine, will help you take the next steps that are right for you. We have loads of industry guests and you'll visit workplaces and universities. You will understand the creative arts as a sector and we'll teach you how to set up your own business. We've got the cheat codes to make sure you succeed!

“I never knew I had all these useful skills that employers were looking for.”

BCE student

Special Educational Needs and Disabilities

At BCE we warmly welcome students with learning difficulties and / or disabilities, and we are really proud of the tailored education and support we offer.

Application Information

- When you apply to BCE please ensure you provide us with full details of any special educational needs, disabilities or other needs you may have. This is to put the best possible support in place during your time studying with us.
- We will ask you to tell us about any support you've had in the past, and give us any relevant paperwork, e.g. your EHCP, pupil plan, access arrangements, or formal diagnosis.
- We will then arrange an initial assessment with our SEND team, which may include a literacy and numeracy assessment. This is to ensure we find the right course to meet your needs.
- With your permission we may request information from parents / guardians, school, support providers and other relevant professionals

to make sure that the appropriate support can be put in place.

- If an EHCP has been issued, BCE will require a formal consultation to be made by your local authority SEND department to ensure that your needs can be met. This is required to complete your application.
- The SEND team is always on hand at interview evenings, enrolment or open days to discuss any requirements

For consultations at Big Creative Training SEND please contact SEN Manager Francine Corbin: bctsenconsultations@bigcreative.education

For consultations at Big Creative Academy SEND please contact SENDCO Hyacinth Slowley: Hyacinth.Slowley@bigcreative.education

Apprenticeships

BCE apprenticeships are full time Level 3 and Level 4 programmes that combine creative industry employment with off the job training that includes online, tutorials and masterclasses. Our apprenticeships are open to anyone over 16. You must have five GCSEs at grade 4-9, including Maths and English.

- Level 3 Content Creator
- Level 3 Events Assistant
- Level 3 Multi-Channel Marketer
- Level 4 Music PR & Communications

We are proud partners with employers such as ITV and Universal Music.

Traineeships

Traineeships help young people gain the skills and experience to progress to an apprenticeship. You'll work for a creative company between 70-240 hours, complete work preparation training and have the chance to join our short, creative courses. If required, you'll study Maths and English during your traineeship.

- Level 2 Content Creator
- Level 2 Business Admin

Adult learning

We've supported thousands of people to develop skills for employment. Our free industry standard courses can be accessed online or through a blended delivery model.

Our courses include:

- Creative Media Production
- Graphic Design
- Digital Marketing
- Music Data Analytics
- Visual Effects
- Content Creation for Social Media
- Soundtrack for Creative Media
- Web Design for Creatives

Right student, right course

What level is right for you? We're all different, and have different journeys through education. We will talk to you to find out your background and weigh up your academic ability and your talent when discussing your options. Sometimes students have to re-sit GCSE maths and English.

We've had students work their way through all levels at BCE, from Level 1 all the way through to Level 3, who are now working in the creative arts. If you're passionate about the arts we'll find what's right for you!

Talk to our admissions team or scan the QR code for more information.
