

FutureDent

Planning for a career in dentistry

Welcome to *FutureDent*, your path to a career in dentistry

At **FutureDent**, our team of experienced dentists have designed bespoke courses, including our flagship in-person Weekend Summer Course, to give A-Level and GCSE students a taste of what it's like to have a career in dentistry, and how to get there.

Our central London dental practice offers lectures and hands-on workshops led exclusively by dental professionals.

We are committed to providing aspiring dentists with a comprehensive and valuable learning experience, that reflects how our patients are treated, with respect, trust and professionalism at all times.

What? 2-day weekend course

Where? Central London Dental Practice (W1)

When? June 2025 – Date TBC

Who for? A-Level and GCSE students considering a career in dentistry

How much? £595 (early bird fee of £495 if booked by March 31st)

FutureDent Weekend Course Overview

This bespoke weekend course gives students an insight into core aspects of dentistry, from understanding oral health principles and restorative techniques, to exploring the latest advancements in dental technology and the practical skills needed for their career in dentistry.

Whether you aspire to become a general dentist, a specialist or pursue a dental-related career, this course provides you with the knowledge, insights, and guidance necessary to make well-informed decisions.

Interactive Programme with Dentists

Students will benefit from a fully interactive experience into the life of a dentist including sessions with our team of dentists that currently work in the NHS and private dentistry across general practice and hospital environments

Hands-On Practical Experience

We will provide students with practical sessions to try out their manual dexterity skills to understand the importance of this in dentistry. This will be run by our dental team, giving students one-to-one support.

Ongoing Student Mentorship with Course Dentists

Students can expect ongoing mentorship beyond the course with the FutureDent team for support throughout their dental school applications and beyond.

University Application and Interview Support

We will be providing guidance on how to write your personal statement for your University dental applications including preparing for dental school interviews.

Professional Networking Opportunities

Students will have the opportunity to meet like-minded dental students and dental professionals as well as their peers going through the same process as them.

FutureDent Upcoming Winter Courses

FutureDent Taster Course

Are you undecided if a career in dentistry is for you? Join our online FutureDent taster course, where you will spend a few hours discovering from specialists what a career in dentistry looks like and how to carve out your own career path. We will also cover dental school applications including interviews and personal statements.

This taster course will help students decide if they want to pursue a career in dentistry and whether our FutureDent in-person Weekend Course in June 2025 is for them.

What? FutureDent Taster course

Where? Online webinar

When? Sunday 3rd November 2024, 9am – 12pm

Who for? GCSE & A-Level students considering a career in dentistry

How much? £95 (fee goes towards full Weekend course in June 2025 if booked on)

Want to know more? Contact info@futuredent.org.uk or visit www.futuredent.org.uk

Meet The Team

Dr Charlotte Leigh BChD, MSc, MFDS, RCSEd Dentist and FutureDent Founder

Dr Charlotte is a general dentist working in both NHS and Private practice. Having graduated from Leeds Dental Institute, Charlotte then obtained her MSc in Restorative Dental Practice with Distinction from the prestigious Eastman Dental Hospital from which her dissertation on snoring and obstructive sleep apnoea was published in the acclaimed British Dental journal. Charlotte has completed further training at Luton and Dunstable Hospital as a Senior House Officer in Oral and Maxillofacial Surgery. When not practicing dentist, Charlotte enjoys spending time with her family, especially her two young children.

Dr Saul Konviser BDS, MSc, BSc (Hons) Dentist & FutureDent Founder

Dr Saul is the lead general dentist at a private practice in Central London. Prior to his dental training at King's College London Dental Institute, Saul previously completed a BSc in Physiology & Pharmacology at Bristol UWE, followed by an MSc in International Health Policy at the London School of Economics. Saul has a special interest in the field of sports dentistry looking at the impact of poor oral health on professional sportspeople. He is also a Director of the Dental Wellness Trust charity, helping to establish supervised toothbrushing programmes across England that supports thousands of school children. Away from dentistry, Saul's time is usually spent with his wife and 2 daughters or training for the occasional marathon.

Dr Jhanvi Mehta BDS, PgCert Medical and Dental Education, Pg Cert Restorative and Aesthetic Dentistry DWSI Oral Surgery & FutureDent Founder

Dr Jhanvi completed her dental degree from King's College Dental Institute, after which she worked in an NHS hospital as a Senior House Officer in Oral and Maxillofacial Surgery and is now a Dentist with a Special Interest in Oral Surgery, having gained experience in facial trauma, head and neck cancer and complex oral surgery. Jhanvi has also since completed post-graduated certifications in Restorative and Aesthetic Dentistry, sedation techniques as well as Medical and Dental Education. When not in clinics, Jhanvi spends time with her husband and family, and enjoys doing lots of walking.

Dr Ian Arad BSc (Hons), BDS (Lond), MJDF RCS (Eng), MClintDent, MOrth RCS (Eng)

Orthodontist & FutureDent Founder

Dr Ian started his path into orthodontics with a Biochemistry degree at Dundee university before studying Dentistry at King's College Dental Institute, being awarded 3 prizes including the prestigious Jelf Medal. Then moving into private practice and Hospital training, Ian completed his specialist training at the Royal London Hospital and Southend Hospital NHS before being awarded his MSc in Clinical Dentistry and Membership in Orthodontics from the Royal College of Surgeons, England. When his downtime allows, Ian spends most of his time with his wife and 3 children.
